

ONE BIG LAUGH FOR TEACHERS.

California Schoolmarm Sets Giggle Going.

Anti-Occupies Elect J. Y. Joyner President.

"Frats" and Votes for Women Turned Down.

(ASSOCIATED PRESS NIGHT REPORT.)

DENVER, July 8.—San Francisco will be the next meeting place of the National Educational Association.

The board of directors of the association, breaking precedent in the respect that convention delegates never have been held either East or West twice in succession, decided to hold the next association gathering on the Coast, and the San Francisco delegation prevailed.

Two other strong bidders for the prize were Milwaukee and Boston. Judge Ben R. Lindsey of the Denver Juvenile Court, known as the "boy judge," spoke tonight in the place of Dr. Henry B. Pavill of Chicago, delayed by a wreck in Central Kansas. Judge Lindsey discussed the relation between the state and the wayward boy.

Other speakers were J. E. Burke of Boston and Ben Blawie of St. Louis. The election of James A. Joyner, Superintendent of Public Instruction of North Carolina, as president of the National Educational Association this afternoon, led up to a series of parliamentary situations, which threatened a time to rend the inner circles of the association.

Mr. Joyner was elected on the second ballot, and his rise to the presidency was the cause for gratification by the enemies of the so-called "book trust."

Mr. Joyner all along had been the avowed candidate of the anti-occupies, and when his election over Benjamin Blawie, head of the St. Louis schools, and Dr. J. H. Phillips of Birmingham, Ala., was announced there was much rejoicing in their ranks.

Immediately afterward the Resolutions Committee appeared with a quiet enough arrangement of "resolves" and "thank-yous," innocent, indeed, except for one resolution, which referred to the democracy of the schools. The clause dealing with the subject maintained that democracy was absolutely necessary. After setting forth elaborately the committee's views, the resolution explained that to make this democracy stand out in the true light of Jeffersonian simplicity, it would be the disagreeable duty of the president to smite the fraternity evil in the high schools of the land.

Instantly there was a commotion in the outskirts of the meeting of educators. It did not last long; for the Resolutions Committee evidently knew what it was about, and the anti-fraternity clause went through without amendment.

MORE RESOLUTIONS. Hereafter, therefore, the fraternity will meet with official friends in the High School. But the fraternity clause did not stop there. It was more resolutions, each of which proved a burr under the saddle of the pedagogic machine.

First of all, there was a clause about simplified spelling. It recited that this might not be a provision occasion for the renewal of the Roosevelt-Matthews innovation, yet the matter might bear resolution, and for that reason the resolution was adopted. Protest against it brought forth the explanation that the resolution was merely for the purpose of investigation, and did not bind the association to amended English.

Then the militant spirit of independence burst forth. "We no longer," declared Edwin G. Dexter, Commissioner of Education for Porto Rico, "Mr. Dexter offered a resolution that the Congress be asked to confer citizenship upon the people of Porto Rico. He said this would be a great aid to the teacher for the island, as it would be a glowing reward of merit to hold before the eyes of the Porto Rican to tell him he would one day become a citizen of the great United States."

But Mr. Dexter emphasized too strongly the word citizenship, for immediately a brother from Alabama arose, and proposed to tack on a little suggestion about freedom for the Philippines. "We said they had been nurtured by the eagle of freedom nearly ten years ago, and thus far the only civilizing influence they had felt was the water cure."

MISS SHIRLEY RESOLVES. Several immoderate ha-ha's met this proposition, but it did not deter another exponent of freedom from offering a straw of relief to what she termed a "down-trodden" element. This was Miss Shirley Shirley of California, who is not a militant suffragette, is at least a woman suffragist.

"If there is going to be any freedom advocated here," she said, "I want to make another amendment. If the savages of Porto Rico and the Philippines are going to get support here, I want the voice of this association to be heard in behalf of those who deserve it most—the women of the United States."

This was too much. When the Porto Rico resolution came out, it was at least taken seriously. When the Philippine clause was added, it brought a proposition caused a roar of laughter, which was the signal for its burial by ballot. So far as the National Educational Association is concerned, there is to be no liberty in this respect.

The election altogether was more peaceful than was expected, though the two ballots were close. Irwin Shepherd of Wisconsin, Minn., was re-elected secretary, a life honor already conferred. A. H. Chamberlain of California was re-elected treasurer, and Lorenzo D. Harvey, first vice-president. The report of the treasurer showed expenditures of \$23,000, and a balance of \$380.

WHY BOYS GO WRONG. "Why is it that a young man degenerates within six months after he enters college?"

PAYNE, ALDRICH AND DINGLEY RATES ON PRINCIPAL ITEMS.

HIDES free in Payne bill, pay 15 per cent. ad valorem under Aldrich bill, same as Dingley rate.

Lumber pays \$1 per thousand under Payne schedule, \$1.50 under Aldrich rates, and \$2 under Dingley law.

Grains, meats and other farm products were cut 20 per cent. by Payne bill, but Aldrich bill restores Dingley rates.

Cottons remain in both bills almost at Dingley rates.

Wools and woolen goods were cut by Payne bill, but Aldrich bill restores Dingley rates and makes additional increases in some lines.

Women's gloves and women's hosiery increased over Dingley rates by Payne bill, are put back to Dingley rates in Aldrich measure.

Coal, Payne bill maintains Dingley schedule of 67 cents a ton, but Aldrich bill cuts it to 60 cents.

Iron ore was put on free list by Payne bill, Senate puts on 25-cent duty, Dingley rates were 40 cents a ton. Corresponding cuts made in iron and steel products by the House, are raised to about half the Dingley rates by the Senate.

Luxuries, including champagnes, perfumed soaps, yachts and jewelry, raised by House and still higher by Senate.

Lead, zinc and a host of minor metals received substantial increases at the hands of the Senate, after the House had cut down the Dingley rates.

Wood pulp was put on the free list by the House, is raised to one-sixth of a cent per pound by the Senate. Print paper was raised correspondingly.

Rates on leather, harness, belting and shoes were raised in the Senate over the House rates, to correspond to the restored Dingley rates on hides.

TARIFF. (Continued From First Page.)

The increases made by the Senate on certain luxuries probably will offer a temporary barrier to an early agreement in conference because of the contention that the increased rates will prove prohibitive, and will materially reduce the revenue.

CORPORATION TAX. The uncompleted corporation tax provision was the first subject of the day's consideration, and Senator Daniel resumed the speech he began yesterday, his chief argument in defense of his amendment, levying a one-quarter of one cent on the gross receipts of corporations having a capital stock of more than \$200,000.

"We have a worthy man in the presidential chair," declared Mr. Daniel, "a radical man of great mind and of great heart. I have no sentiment of opposition to the pending bill, but I am opposed to the amendment. On the contrary, I look to it as of the highest respectability."

Mr. Bacon suggested that the Virginia Senator change his plan for taxing corporations to make it apply also to corporations that have gross receipts of more than \$200,000 annually.

On suggestion of Mr. Daniel, Mr. Bacon moved to amend the amendment as an amendment to the proposition by the Virginia Senator.

The corporation tax amendment, as amended, was then taken up, and Mr. Aldrich announced that with the exception of the tobacco tax, the bill was perfect, so far as the committee amendments were concerned.

TOBACCO PROTEST. The tobacco tax amendment was laid before the Senate after the disposal of the other measure. Mr. Martin protested against it as carrying a large increase of taxation on the tobacco industry. It was, he said, an increase of 32 per cent. of the tax on manufactured tobacco, and he predicted that it would bring into the treasury \$10,000,000 additional revenue.

"The manufacturers and dealers," he said, "will not pay this tax. They will reimburse themselves out of the pockets of the people."

"This," said Mr. Simmons of North Carolina, referring to the increased tobacco tax, "is a direct tax on the laboring class, who actually consume 90 per cent. of all tobacco consumed in the country."

The tax, he asserted, bore most heavily on the independent tobacco grower and was an actual advantage to the trust.

Protesting against the proposed advance in the internal revenue tax on tobacco and snuff, Senator Bailey said: "You Republicans think you can do anything because you are convinced the country is afraid to trust the Democratic party. Well, I guess the country is afraid of us. But the time will come when the people will say it is better to be governed by fools than by the tobacco trust."

You will tempt fate too far. You fail to lay any tax on the incomes of the rich and exact tribute from the poor by taking their tobacco. At this point Mr. Bailey yielded the floor to Mr. Daniel, who moved to amend the Finance Committee's proposition by striking out the proposed 32-cent tax on tobacco and snuff, and retaining the existing 6 cents tax. This was rejected by a vote of 24 to 54.

By 42 to 25 the committee tax amendment was then agreed to.

Senator Aldrich accepted Senator Bradley's amendment to remove the 6 cents pound on leaf tobacco and agreed to a viva voce vote. This is practically the same provision as that which passed the House, and removes the tax of 6 cents a pound on the tobacco grower as a vendor, and thus removes what is supposed to be the cause of the most bitter attacks by Kentucky and Tennessee. There is little doubt that the provision will remain in the bill.

THINKS LING SLEW ELSIE TO BALK HER WHITE LOVER.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, July 8.—[Exclusive Dispatch.] That Elsie Sigel had decided to "spurn her former Chinamen associates and marry her white fiancé" was killed in consequence of this open declaration, made to Leon Ling, Chu Gai and Yung Bat, at a farewell party at the Sigel home, is the new turn which the remarkable murder mystery took today.

For the first time since Elsie was slain a near relative whose watch, chain and locket, valued at \$275, Elsie wore the day of her death, told today of a conspiracy to kill the girl.

The identity of the young man is not made public by the relative, but his name is given as "Philip." He returned to New York two days before Elsie disappeared. He had come from the West, where he had prospered, to make the Sigel girl his bride.

This young man, stricken with grief over the revelations following his sweetheart's death, is frequenting Chinese resorts in a hope of tracing Leon Ling, the mother being a helpless lunatic and the daughter dead—have mysteriously left their former home, with their present address unknown, was learned today.

"Because Elsie sought to give up her Chinatown life she was killed," declared her relative, who is closely related to Elsie's mother.

"Those Chinamen wanted her to remain with them. Elsie knew all their secrets. The fear that she would betray some person and tell Philip how she had lived among the Chinamen forced the oriental to plan her death."

Five years ago a professor in the College of Medicine and Surgery of Cincinnati, and was once dean of that institution. A few years ago he quit college work, and went to California to live. Afterward he came back East to be with his three sons, all of whom are physicians here.

Last February he suffered an attack of appendicitis. Dr. C. A. L. Reed, performed the operation. The father sank rapidly after this sickness, however, and his death was attributed to his general weakness and debility.

Dr. Reed was born in Franklin, O., February 2, 1858. He leaves three sons and one daughter. The funeral and burial will be held here.

AUTOMOBILE ROAD RACES Santa Monica Saturday

30 Minute Car Service All Friday Night and Offener If Necessary

Commencing 5 A. M. Saturday, Cars Will Be Run Every 5 Minutes. Take Cars Marked "AUTO RACES" at Hill Street Station, and Along Hill and Sixteenth Streets

Trial Speed Runs Every Day From 5 to 10 A. M.

Pacific Coast Amateur Championship Swimming Contests

VENICE, JULY 9, 10 AND 11

Los Angeles Pacific Ry.

TONIGHT AT VENICE—

For the accommodation of the people who go to the beach during the night to see the auto races early tomorrow morning, the Venice Amusement Building will be kept open during the night. Cars from Venice to Santa Monica will run every 3 or 4 minutes between 6 and 8 a. m.

SUSPECT "SOFT DRINKS."

Uncle Sam's Experts Are Now Testing Hundreds of Samples from the South.

(ASSOCIATED PRESS DAY REPORT.) CINCINNATI, July 8.—What is said to be the latest sweeping and searching investigation of "soft drinks" said in the south since the prohibition was begun sweeping that territory was inaugurated here yesterday by government chemists, who, from samples collected from many points in the Southern States, are to determine what per cent. of alcohol is an ingredient in those drinks, and is being used in violation of the pure food statute.

Hundreds of samples of drinks have been collected and sent to the local laboratories. The chemists in the laboratories claim to have dyed clothes to a brilliant hue with southern drinks, and that it is impossible to prove at once that artificial coloring matter other than that allowed by the law, is used in the drinks of these States.

The government allows the use of seven of 60 cal far dyes. These seven include three red, one orange, one blue, one yellow and one green, where considered by the government as being harmless.

NEW TRANSATLANTIC RECORD. NEW YORK, July 8.—A new west-bound record was established by the liner *Albatross*, which arrived at Sandy Hook lightship at 9:18 to-night. The boat clipped 37 minutes from the old record of 10 days, 16 hours and 34 minutes.

UNDER the title "Dancing in Paris Streets," a Paris correspondent of The Times Magazine will tell readers the coming of the new dance craze.

FOR good action read The Times Magazine of the coming Sunday.

GRAFT PROSECUTION.

LAWLOR FORCES SECOND TRIAL

Sets Week from Monday as Date for Opening.

Takes Oath He Is Not Biased or Prejudiced.

Refuses Delay Until After Coming Election.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, July 8.—Patrick Lawlor, president of the United Railroads of this city, will go to trial on Monday, July 11, for the second time, on charges of having offered bribes to a supervisor, to influence his vote on the overhead trolley franchise granted in 1904.

He will be tried before Superior Judge William F. Lawlor, who today denied the motion for a change of venue asked by the defendant on the ground that this case was biased, and requested a change of venue.

The setting of the time and place of trial followed a sharp tilt between Assistant Dist. Atty. John O'Gara and J. Barrett and A. A. Moore of counsel for the defendant.

In answer to affidavits alleging bias by the defendant's attorneys, O'Gara, Lawlor, O'Gara and William Barrett, who are the attorneys for the defendant, asked more time to prepare affidavits in reply, but this was refused.

Barrett then asked the court to allow any other judge in the state to sit in the case. He said the filing of affidavits by Judge Lawlor precluded the possibility of his dealing fairly with the motion.

A HOPELESS TASK. "Your Honor has made a sworn statement that you are not biased," he said. "How then can you expect me to convince you that you are?" "Can you negate that statement?"

Without waste of words, Judge Lawlor denied the request, and asked the defendant to proceed to the motion for change of venue.

Barrett again declared that he would not proceed to the motion for change of venue, and that he would submit the matter without argument, and that he would ask the court to place the case on the calendar for the coming election.

Judge Lawlor read from the "proceedings of the code governing the case," and announced that the motion was denied.

When will counsel be willing to proceed with the trial? he asked. Barrett replied that he would proceed with the trial, but that he would ask the court to place the case on the calendar for the coming election.

Judge Lawlor read from the "proceedings of the code governing the case," and announced that the motion was denied.

When will counsel be willing to proceed with the trial? he asked. Barrett replied that he would proceed with the trial, but that he would ask the court to place the case on the calendar for the coming election.

"GRAPHER" NOT SLANDEROUS.

CHICAGO, July 8.—The word "grafter" is not necessarily slanderous. Judge Foster held yesterday in the Municipal Court. By the opinion, William H. Haskell, former superintendent of construction of the Board of Education, lost his suit for damages for \$1000 against Dwight H. Perkins. The court directed the jury to return a verdict in favor of the defendant. "Grafters," the court said, "do not necessarily imply dishonesty. If a man tipped the waiter, the latter might be called a 'grafter.' So far as I can see, the plaintiff has suffered no damage."

MADDER TRIAL DELAYED.

CHICAGO, July 8.—Marty R. (Kinney) Madden, and his associates, M. J. Boyle and F. A. Pouchet, will not be placed on trial until next fall. This was agreed upon yesterday by State's Attorney Wayman and counsel for the labor officials.

BOUND TO TRACKS.

CHICAGO, July 8.—Held fast by his foot, which was caught in the tangle of wires, a man was killed by a streetcar today. The man was still shouting and waving his arms when the car hit him. The motorman did not hear either his cries or the sound of the wheels.

HEISTERS.

CRISIS NEAR IN COLOMBIA.

REVOLUTIONISTS SUCCESSFUL AT BARRANQUILLA.

Peaceful Citizens Fear That Gen. Holguin May Lose Grip Before President Reyes Returns—Department of Causes May Take Up Arms at Any Time.

[ASSOCIATED PRESS NIGHT REPORT.]

PANAMA, July 8.—Mail advice received from Colombia, report a critical condition of affairs in that republic. As the result of the departure of President Reyes for Europe, the various political parties, which a few months ago seemed to be united, are now completely disorganized and indications are that Colombia is on the verge of a great revolution.

[ASSOCIATED PRESS NIGHT REPORT.]

The movement on July 4 at Barranquilla was successful, the revolutionists capturing the forts, the Magdalena River boats and the customs houses. About 50 per cent. of the importations into Colombia pass through Barranquilla, so that the revolutionists will not lack for funds.

[ASSOCIATED PRESS NIGHT REPORT.]

It has been learned that the liberals refused to join in the rising, which was engineered by the ultra-conservatives. No advice have been received here as to how the movement is accepted by the rest of Colombia.

[ASSOCIATED PRESS NIGHT REPORT.]

There is a rumor that certain industrial Colombians are publicly in favor of following Panama's example and constituting a new republic to be formed of the departments of Cauca and Antioquia, and a part of Bolivar.

[ASSOCIATED PRESS NIGHT REPORT.]

Fears are entertained by Colombians who are inclined to peace that the situation will get beyond the control of the president-designate, Gen. Holguin, who is, however, considered an able statesman. It is considered probable that Congress will not be convened on July 20, as intended, as it would be liable to elect a successor to President Reyes, who, under the existing circumstances, will not be likely to satisfy all parties and the desire of President Holguin and his advisers is to do nothing that would serve to further develop political passions.

[ASSOCIATED PRESS NIGHT REPORT.]

GUAYAGUIL (Ecuador) July 8.—Advice from Colombia state that a revolution is brewing in the department of Cauca, and that within a few days all the southern part of Colombia will be in arms.

[ASSOCIATED PRESS NIGHT REPORT.]

REYES NOT ALARMED. PARIS, July 8.—Gen. Rafael Reyes, the President of the Republic of Colombia, who is stopping in this city with his daughter, minimizes the revolution which broke out at Barranquilla on Sunday last against his government. The general told the Associated Press today that his advice from Gen. Holguin, the President-designate, with whom he is in constant touch, are that the trouble was confined to Barranquilla.

[ASSOCIATED PRESS NIGHT REPORT.]

Gen. Reyes said: "Gen. Holguin is loyal to me, and I have no fear that he will play the same trick that Gen. Gomez played on Gen. Castro when the latter left Caracas for Europe."

[ASSOCIATED PRESS NIGHT REPORT.]

ST. LOUIS, July 8.—John D. Rockefeller reached the three score and ten period of his life today. His health is good. He received several congratulatory telegrams and a few callers. There were no festivities, and the day was spent in his usual manner, attending to business affairs and playing golf.

SUCCESS ALWAYS TELLS A TRUE STORY.

Behind the career of the individual who succeeds in any walk in life will be found genuine merit with untiring industry and persevering zeal.

Success is not accidental; neither is it accidental that the volume of classified "Liners" printed in the Los Angeles Times exceeds the volume printed in any other newspaper in the United States. This tremendous mass of advertising comes because back of it is true merit in the form of character and circulation—the steady patronage of the solid classes who are regular readers of The Times. They persevere their new columns daily because they have been made to know by years of experience that it prints the most news—as well as the most reliable news—that from its columns are barred revolting crimes and all the "yellow" and immoral stuff which is made the leading feature of so many daily newspapers.

Thus it happens that the readers of The Times, being men of affairs, men of character, brains, standing, and with the wherewithal to "make the wheels go round," render the tens of thousands of business announcements appearing monthly in its "Liner" pages valuable to the advertiser, thus leading all who wish to make announcements to the business men of this community straight to the "Liner" columns of The Times.

PAIN IN THE BACK OFTEN MEANS RHEUMATISM IN THE BLOOD.

Here is a Treatment That is Highly Recommended as a Permanent Cure.

Most treatments for rheumatism aim to "keep down" the poison in the blood and enable nature to cure that particular attack. Then, when the system becomes run down from any cause the disease again gets the upper hand, and it all has to be done over.

The tonic treatment with Dr. Williams' Pink Pills has proved by hundreds of cures that it builds up the blood to a point that enables it to cast out these poisons through the regular channels of excretion, the bowels, kidneys and the skin. When this is done the rheumatism is permanently cured and as the blood is kept pure and rich the patient will be immune from attack of rheumatism.

CHAMPLAIN TERCENTENARY.

CELEBRATION A MEMORIAL OF AMITY AMONG GREAT NATIONS.

President Taft in Burlington Speech Predicts Unique Place in History for Exercises in Honor of French Explorer—Tribute Paid to Men of Vermont Lineage. Ambassadors Bryce and Jusserand Touch on Peace.

[ASSOCIATED PRESS NIGHT REPORT.]

BURLINGTON (Vt.) July 8.—President Taft's participation in the Lake Champlain tercentenary celebration ended today and he left here tonight for Washington, where tomorrow afternoon he will plunge again into the intricacies of the tariff at a meeting with House and Senate leaders concerning the conference consideration of the measure.

The President declared in his speech here today that the Champlain celebration would fill a unique place in history as the memorial of renewed expression of the amity between Great Britain, France and the United States.

The French ambassador, M. Jusserand; the British ambassador, Mr. Bryce; Gov. Hughes of New York, Gov. Prouty of Vermont and Postmaster-General Lemieux of Canada also spoke.

During the afternoon the President saw the present of Shawwaah given on boats near the yacht club wharf. Tonight, with the other visitors, the President was a guest at a banquet.

President Taft, after complimenting the people and State of Vermont for their history and achievements, in his speech at City Hall Park said: "A man who can claim Vermont lineage has something to be proud of. My father knew every man in the State of Ohio that had come from Vermont. And there is something about Vermont men, whether you meet them in California or Ohio or any State, and they are in every State—that makes between them a bond almost equal to a bond of free masonry."

"My friends, this is a most unique and many-sided memorial. We meet here today an event and a man on whose life and on the acts of whose life turned in a way which he little expected the whole of this country. We meet here to celebrate his virtues and to congratulate France, his country, as one that could produce such a hero."

HIDDEN HANDS.

ATTEMPT TO KIDNAP GIRL WITNESS IN GINGLES CASE.

Stranger Approaches Thirteen-Year-Old Leta Linderman Just After She Has Testified in Favor of Lacie Maker and Tries to Spirit Her Away—John W. Kern Looking After Tom Taggart's Interests.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, July 8.—[Exclusive Dispatch.] The State today sought to prove that Miss Ella Gingles, accused of larceny by Miss Agnes Barrette, had a dream early in January in which she imagined in a general way the things which she says occurred to her in a bathroom of the Wellington hotel on the night of February 14. Partial success marked the attempt, the damaging admission coming from Mrs. Belle Karsten, No. 474 LaSalle avenue, where the defendant also lived. Mrs. Karsten was a witness for the defense.

There was a sharp passage of arms between Attorney P. H. O'Donnell, chief counsel for the defense, and Police Capt. O'Brien, and the latter testified that on Wednesday afternoon, following the adjournment of the court, the lawyer admitted to him that the defendant's story was not true in its entirety and had asked Capt. O'Brien for aid in having the paper in his pocket "Now, you know what took place in a confidential conversation."

Attorney John W. Kern, late Democratic candidate for vice-president, and personal counsel for "Tom" Taggart, paid a brief visit to State Attorney Wayne on Tuesday day and while common rumor had it that Mr. Kern was investigating with a view to bringing to book the person responsible for bringing Taggart's name into the trial, both lawyers declared they were concerned a matter foreign to the trial.

MISS GINGLES HAPPY.

Miss Gingles, as usual, appeared happy and content throughout the trial and gave indications of enjoying the trip between Mr. O'Donnell

BURLINGTON (Vt.) July 8.—President Taft's participation in the Lake Champlain tercentenary celebration ended today and he left here tonight for Washington, where tomorrow afternoon he will plunge again into the intricacies of the tariff at a meeting with House and Senate leaders concerning the conference consideration of the measure.

The President declared in his speech here today that the Champlain celebration would fill a unique place in history as the memorial of renewed expression of the amity between Great Britain, France and the United States.

The French ambassador, M. Jusserand; the British ambassador, Mr. Bryce; Gov. Hughes of New York, Gov. Prouty of Vermont and Postmaster-General Lemieux of Canada also spoke.

During the afternoon the President saw the present of Shawwaah given on boats near the yacht club wharf. Tonight, with the other visitors, the President was a guest at a banquet.

President Taft, after complimenting the people and State of Vermont for their history and achievements, in his speech at City Hall Park said: "A man who can claim Vermont lineage has something to be proud of. My father knew every man in the State of Ohio that had come from Vermont. And there is something about Vermont men, whether you meet them in California or Ohio or any State, and they are in every State—that makes between them a bond almost equal to a bond of free masonry."

"My friends, this is a most unique and many-sided memorial. We meet here today an event and a man on whose life and on the acts of whose life turned in a way which he little expected the whole of this country. We meet here to celebrate his virtues and to congratulate France, his country, as one that could produce such a hero."

HIDDEN HANDS.

ATTEMPT TO KIDNAP GIRL WITNESS IN GINGLES CASE.

Stranger Approaches Thirteen-Year-Old Leta Linderman Just After She Has Testified in Favor of Lacie Maker and Tries to Spirit Her Away—John W. Kern Looking After Tom Taggart's Interests.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, July 8.—[Exclusive Dispatch.] The State today sought to prove that Miss Ella Gingles, accused of larceny by Miss Agnes Barrette, had a dream early in January in which she imagined in a general way the things which she says occurred to her in a bathroom of the Wellington hotel on the night of February 14. Partial success marked the attempt, the damaging admission coming from Mrs. Belle Karsten, No. 474 LaSalle avenue, where the defendant also lived. Mrs. Karsten was a witness for the defense.

There was a sharp passage of arms between Attorney P. H. O'Donnell, chief counsel for the defense, and Police Capt. O'Brien, and the latter testified that on Wednesday afternoon, following the adjournment of the court, the lawyer admitted to him that the defendant's story was not true in its entirety and had asked Capt. O'Brien for aid in having the paper in his pocket "Now, you know what took place in a confidential conversation."

Attorney John W. Kern, late Democratic candidate for vice-president, and personal counsel for "Tom" Taggart, paid a brief visit to State Attorney Wayne on Tuesday day and while common rumor had it that Mr. Kern was investigating with a view to bringing to book the person responsible for bringing Taggart's name into the trial, both lawyers declared they were concerned a matter foreign to the trial.

MISS GINGLES HAPPY.

Miss Gingles, as usual, appeared happy and content throughout the trial and gave indications of enjoying the trip between Mr. O'Donnell

TIMES' TROPHY IS THE PRIZE.

Fast Yachts to Contest at San Pedro Tomorrow.

San Diego Fleet Arrives in Port After Fast Trip.

Mischief II Is the Hope of Local Yachtmen.

At 1 o'clock tomorrow afternoon the fastest yachts in the South will be out on the water for the annual race for the Times Trophy. The trophy is 150 knots, starting and finishing at the end of the breakwater and the trophy will be won by the yacht which crosses the line first. The trophy is at high pitch in yachting circles, and many persons who do not ordinarily follow the sport are preparing to witness the contest from the many viewing points overlooking the course. The San Diego Yacht Club is to be represented in the race by the Acolus, Daisy II, Gretchen, Hatcher, and the San Pedro early last night, and the San Diegoans expressed themselves as being determined to take the trophy home with them.

The race from San Diego to San Pedro was won by the Gretchen, which arrived at 5:35 o'clock, the first allowance made the corrected time was 4:55:40. The Acolus was the first to get in, arriving at 5:25, but it was crowded into third place by Trill, which came in at 5:45, the corrected time of which was 5:14:42. Butcher sailed into the harbor at 7:35, its allowance lowering the time to 4:51:38. Mischief II and Natchez did not enter the race until nearly midnight.

The Commodore of the San Diego Yacht Club, offered a cup to the yacht which sailed the best time to San Pedro. The first encountered a heavy west wind that held it back, but in the circumstances the race to San Pedro was successful.

The yachts entered by the South Coast Yacht Club, which will be pitted against the San Diego crafts in the race, are Mischief II, Mischief II, Venus, and Columbine. The Mischief II is considered to be the best craft of its class in southern waters, and while the South Coast Yacht Club is confident that the little craft will win with the trophy, and even last previous time over the course.

STRONG BIDDEN.

The Columbine is expected to make a strong bid for first honors. It is considered to be Mischief II's closest rival. The Venus and Columbine are in class "Q," have never been able to make as fast time as Mischief II, but they are usually able to race all of their own. Mischief II is not expected to outstrip Mischief II, the newer but better recognized as the faster under equal conditions.

The Acolus was built by the San Diego Yacht Club to compete for the Times Trophy, and in the race for the trophy last year was beaten by Mischief II and Venus. The Acolus was slightly remodeled since its race and is said to be faster than ever.

Trill is very similar to the Acolus. Local yachtsmen say that Trill is better adapted to the water than rough weather and is the course of the race is on a slight rise, the southern boats may have a disadvantage. The captain of the Acolus, however, says they are very good in any kind of water.

San Diego Yacht Club members are believed to be important factors in the contest. They were built several years ago and while their performance has never been remarkable, they have consistently good races.

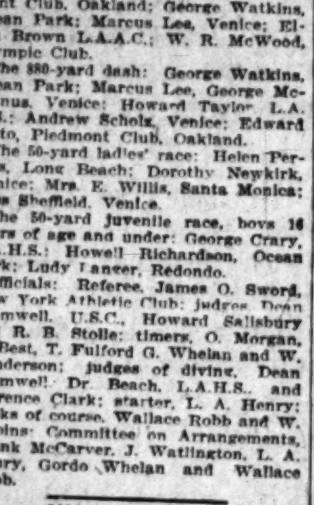

The race for the Times trophy is in accordance with the rules of the South Coast Yacht Club, and is open to all sailboats of 150 tons whose length is between 40 and thirty-five feet. Time allowances are given in accordance with the racing rules of the club.

Cloones; Committee on Arrangements, Frank McCarver, J. Watlington, L. A. Henry, Gordon Whelan and Wallace Robb.

SHAH IN DANGER.

Russian Troops Still Ten Days Away from Tehran, Revolutionists Active.

Associated Press Night Report.

LONDON, July 8.—The near approach to a crisis in Persia affairs has had little effect in removing the complexity of the situation.

That the Shah is in danger is clear from the latest Tehran dispatch which states that a few days ago he made preparations to seek refuge in a foreign legation, in the event of his troops proving powerless to stem the Nationalist advance.

The distance from Ensel to Tehran is 180 miles, it will therefore be at least another ten days before the Russian troops are able to take effective steps at Tehran.

The armistice arranged between the royalists and constitutional forces, an endeavor to arrange terms of peace, expired on Wednesday and the revolutionists will have ample time to attempt the occupation of the capital before the Russians arrive.

Instructions of the Russian troops are for the present not to advance beyond Kasry, which is eighty-seven miles from Tehran.

WRIGHTS IN HABIT.

WASHINGTON, July 8.—It is expected that a flight of the Wright airplane will be attempted tomorrow afternoon.

Associated Press Night Report.

WASHINGTON, July 8.—It is expected that a flight of the Wright airplane will be attempted tomorrow afternoon. The Wrights, who have until July 25 in which to complete the official speed and endurance trials before the board of signal corps officers, are making as much haste as is consistent with safety to complete these trials, as they must be in Germany in August.

BRITISH CRUISERS COMING.

LONDON, July 8.—Ambassador Reid has been informed that the fifth cruiser squadron of the British navy, consisting of four ships, has been designated to attend the Hudson-Fulton celebration to be held at New York August 15 to October 3 next.

THIS YOUNGSTER EATS LIKE A HARVEST HAND.

Romps and Plays Like a Young Colt and Enjoys Robust Health.

Parents who have weak, delicate children, or whose children do not show proper development, will doubtless be interested in a statement made by Joseph A. Peach, a prominent farmer living on Rural Route No. 4, Owatonna, Minn., in which he describes the remarkable effect upon his little boy's health accomplished by one of the famous Cooper remedies, which are now having a large sale in Los Angeles and vicinity. Mr. Peach says:

"Our little son Edward had been in failing health for more than two years from stomach trouble. Nothing in the way of food agreed with him. He was weak and delicate, and in spite of all we could do, continued to decline. We had him under the care of one doctor after another, but they failed to do him any good."

EYESIGHT RESTORED

Painful vision, headaches and general nervousness are more frequently the result of eye strain than of any other one thing. Dr. De Schweinitz, Professor of Ophthalmology of the University of Pennsylvania, says that "fully 60 per cent. of functional headaches are caused by eye strain alone."

Almost all "eye" troubles more or less of this refractive error. You probably have it and it is the cause of the nerve drain you are suffering.

The Cure For It

will not reach it.

Miss Jennie Williams, a former Los Angeles school teacher, says: "Previous to coming to you I had taken a year's vacation because of continuous headaches and nervousness, but with no relief. Your treatment effectually cured me of these disturbances."

Mrs. McBride, N. G. Farmer, says: "Your glasses have entirely cured my headaches, and I can now perfectly."

Dr. McCleery

WESTON ON LAST LAP.

Veteran Walker Tops Summit of the Sierra—Is Little Behind Times.

Associated Press Night Report.

SAN FRANCISCO, July 8.—With more than 2500 miles of road behind him, and less than 200 miles still to go to end his tramp from New York to San Francisco, Edward Payson Weston, the veteran walker, is striding through the passes that cut the rugged summit of the Sierra Nevada Mountains, with the last range that separates him from the Pacific Ocean surmounting.

Tonight the white-haired athlete rested at Summit, the highest station on the line of the Southern Pacific, and started down the western slope. He expects to reach Chico, fourteen miles beyond, at midnight.

Weston for four days behind his 100-day schedule. He is making fine time through the mountains, however, and should arrive here Tuesday, July 13—187 days exclusive of Sundays—from New York, which he left on the evening of his seventieth birthday, March 15.

His physical condition is better today than it was when he began the long trip and he is making up instead of losing time as the journey nears its end.

UNDER THE NAME "Dancing in Paris Streets," a Paris correspondent of The Times Magazine has made the coming wonder how the French celebrate the 16th of July.

IMPERIALES CIGARETTES

If you are looking for quality in a cigarette, regardless of cost, try Imperiales. Compare them with any other you may be smoking now—no matter how expensive.

See if the rich, full flavor does not appeal to you as no cigarette has ever done before. See if it doesn't prove a revelation to your smoking taste.

Imperiales Cigarettes are a rare blending of the world's finest tobaccos wrapped in the thinnest mair paper—which is crimped, not pasted; with individual mouthpieces that cool the smoke.

ARIZONA-BOUSE REORGANIZED.

Local Mining Men Dispose of Majority Holdings.

Electric Light Plant Is to Be Installed.

Large Tonnage of Good Ore in Sight.

Phoenix capitalists headed by George Halm, president of the Valley Electric Light & Power Co., and John W. Sharp have bought from J. E. Meyers and George W. Bishop of this city the controlling interest in the Arizona-Bouse Copper Company, near Bouse, which has been reorganized as the Little Butte Consolidated Mines Company, and the properties actively developed.

The consideration was \$25,000 cash, the immediate development and the assumption of the entire bonded indebtedness of the former company. The Arizona-Bouse also turned over an interest in twenty-one additional claims.

New and larger machinery will be installed, including a 35-horse-power engine and an electric light plant purchased in this city and shipped this week. Work will be resumed immediately on the manipulation shaft, and the output will be largely increased on the Little Butte mine.

The capitalization of the Little Butte Consolidated was increased from \$100,000 to \$2,000,000, and the new company is asserted to be amply financed to assure the development of the properties into a big producer.

Meyers and Bishop resigned as directors, and new officials and directors were named at a meeting held in Phoenix. John W. Sharp is president, George Halm, C. B. King, R. F. Meyer and J. E. Meyer of this city, are directors.

The Little Butte shaft is down 225 feet to the deepest in the Bouse district. On the 100-foot level a crosscut run fifteen feet struck the same vein encountered on the fifty-foot level, and is 12 feet in ore without getting either side of the vein. The vein has been traced for 250 feet all in ore. No mining has been done, and 2000 tons of ore in the dump taken out during the course of development. 50,000 tons of ore is in sight.

On the 200-foot level a drift in 49 feet is in sight. The drift is in ore and a drift north and south is in ore to 75 feet that will average 10.70 per cent and four per cent copper.

While resigning as officers, Messrs. Meyers and Bishop still retain a large interest in the company, and are the most individual stockholders.

Shannon in Bouse.

The Shannon Copper Company has purchased the Blue State group of claims, formerly owned by Thomas Shannon and Robert McMahon, paying in the neighborhood of \$100,000 for them. There are seven claims, partially developed, comprising 140 acres, carrying values in both gold and copper. A camp will be laid out this week and men put to work. Following their purchase, the Shannon people will visit this group thoroughly. The camp is to be sunk 500 feet, and all others put down the same distance.

Another deal of importance was the purchase of the Hearts-Desire ten miles south of Bouse, which will be sold to the Scott Mines Company of Salt Lake. The consideration was around \$100,000, and a large sum will be spent in developing the properties. Interested parties are P. Augustus Heinze and T. A. Snyder, the packing magnate.

A multiple compartment shaft will be installed to sink 500 feet, and will be cut every hundred feet. Work will be under direction of C. P. Smith, for years Heinze's superintendent at Butte and Phoenix.

Leviathan in Planet.

Leviathan, who recently took over the Planet mine, which they have developed under the name of the Gen. Development Company of New York, will spend a million in putting the famous old mine in the ranks of the producers.

An important deal, closed a few days ago, has been pending for several months, during which time several experts made exhaustive examinations. The deal was closed some time in the Bouse country, over the ground, and one of the parties spent several days at the mine.

The Leviathan will do a large amount of developing on the Planet mine, and any mining men faithful to the properties.

Dr. H. is one of the oldest copper properties in Arizona, having been produced in the early '60s. At it is a close corporation, the principal held in New York. It contains over 6000 feet of development, large bodies said to have been found.

First Shipment.

A first shipment, the first, has been made by the Golden Daisy Lead mine, the rich vein recently cut, the average 115 to the ton.

It will be made as fast as the mine can be broken. The ore is increasing in value, and the vein evident according to officials who feel of its permanency.

Will Resume.

The Verde Investment Company of Phoenix will put a large force to develop the Bullion group at Verde, which comprises nine patented, old-fashioned claims, adjoining the Verde mine.

Operation has raised a large sum for development, \$25,000 of which was spent at once.

No work has been done on the Verde mine, the ore carries good values. The Verde Copper Company has been on its claim ten miles south of Bouse, and will do quite a bit of work this year.

Dividend.

Dividend of five cents a share, payable on July 15, 1909, to the holders of the company stock, at the office of Pioneer Mines.

500 UNIQUE Garments Half Price Today

Distinctive New Spring and Summer Garments Sacrificed As Never Before. The Announcement Will Bring a Rush. Be Early and Get First Selection

In less than a week we'll be into stock taking. Before that time we must cut our stock of high grade garments to almost one-third its present size. To achieve quick and decisive results, we will offer 500 of the choicest spring and summer garments in our stock today at exactly one half their regular prices. Every one of these garments is new and correct. Many of them have been in the house less than ten days.

The garments to be sacrificed include:—

- ¶ Tailor suits in cloths, plain stripes and checks.
- ¶ Linen tailor suits, all colors, in the best ramie linen.
- ¶ Linen dresses, plain and fancy effects; new spring models.
- ¶ Silk dresses in foulards and messalines; new effects.
- ¶ Lingerie dresses; beautiful models in white and light colors.

How I Cure Ailing Men Without Drugs

Thousands of sick and debilitated men are paying half their strength to doctors or medical fakery for poisonous drugs that wreck the nerves and vitality.

Are you one of these men? Don't you know that you can't get strength from poison? Drugs don't restore strength, because they contain nothing that builds strength. You know that strength comes from nourishment. All you get out of drugs is poison. Electricity is the power that builds strength. It is food to the nerves. It puts life and vigor into every organ, enabling each part to do its work as Nature intended. The reason your organ breaks down or becomes weak is because it lacks motive power—just like an engine without steam. This motive power is electricity. My method is to restore this force wherever lacking, and strength will take the place of weakness. My Electric Belt saturates your nerves with a constant stream of electric energy. The nerve absorbs and carry it to every part of the body, where it builds up vitality and strength and removes the cause of the disease.

Dr. McLaughlin's Electric Belt is applied while you sleep. Its influence is soothing and invigorating. There is no trouble or inconvenience of any kind attached to the use of this appliance.

Your Electric Belt has cured me of rheumatism, cramps and general debility, and none of these troubles have returned since I stopped the treatment.

I am 64 years old and feel as strong and well as I did at forty.

P. I. VEALEY, Terminal Island, Cal.

I GIVE IT FREE

Get my 80-page book, "Describing Dr. McLaughlin's Electric Belt, and with illustrations of fully developed men and women, showing how it is applied." This book tells in plain language many things you want to know and gives a lot of good, wholesome advice for men and women. If you can't call, I'll send this book, prepaid, free, if you will mail me this coupon.

Compliment free. Office hours—9 a. m. to 6 p. m.; Monday and Saturday until 9 p. m.; Sundays, 10 to 12.

for 1909, according to R
from today, the San Jo
California Farmers' Union

LaRoy Lemus, a
charged with Regular Army, Dis
in Desert Hospital from Wound Re
During Fourth of July Cele
bration.

(SEE DIRECT WIRE TO THE TIMES.)

DETROIT (Mich.) July 5.—[Exclu
sive Dispatch.] LaRoy Lemus, 19
years old, whose parents live in Los
Angeles, died today the result of
a gunshot wound in the abdomen, in
while he and two friends were
celebrating the Fourth of July on the
Cock Meadow farm, near Royal Oak,
Mich.

First, with Russell Hebler and Wil
liam Lee, were celebrating the Fourth
with firecrackers, when Hebler found
an old musket in the barn. He ex
posed his head to Flint and Lee and
was hit in the chest. That was just what

of millions near the union pool is about \$100,000. That this will be covered by the time the advance has been made on fifty-five cars appears doubtful, and last week, and this week, prices on all these goods were high figures.

There is a large number of unions by the union, the promises to be made for fruit and vegetables. On the fruit-prunes in the market as the same as last year, on the crates, but the fruit is not so good as the last year. Exact figures which the union will pay have to be made. It is apparent that it will through for the more satisfactory if the

by accident to property, celebrants. The man, who is now in the hospital, is holding the musket was exploded, and the charge of shot, with which he was holding the musket, exploded in the abdomen. He hurried to Detroit, and taken to St. Mary's Hospital.

He was discharged from the hospital three months ago, and came back to Detroit and went to work at the St. Mary's farm. Corner of the farm, and took charge of the remains, and they will be held at the Wayne county morgue, until the man's body is taken to Los Angeles to notify him as what disposition to make.

DIVORCES SENATOR'S CORNER

Partner-in-Law of Mr. Aldrich Gives Her Freedom on Ground of Non-support

NEW YORK, July 15.—(AP.)—

very heavy, but because of the heavy rain, it is expected to come out in great quantities. The big crop of Maine potatoes is being harvested. The State Department has received a dispatch from Mrs. Mary Larned Francis Aldrich, wife of Edward Francis Aldrich, eldest son of United States Senator John W. Aldrich, that she today granted a divorce from him based on the ground of non-support and was awarded the custody of their ten-year old child, Susan Catharine Aldrich. The divorce was granted for \$10 a week for the support of the child. Mrs. Aldrich asked for allowance for her own support. The divorce was granted on the ground in the nature of a cross petition filed in the suit of her husband for divorce for adultery and desertion. Mr. Aldrich's petition was dismissed and denied by Judge in the Superior Court after the testimony had been read and depositions had been read. The case was not contested. Mrs. Aldrich's husband has been more than a year her husband has

gans are in as tight a grip as Thompson Seed. But the amount of loss which will be determined later. It was also noted that the raisin raisers are getting a good price for their goods and it is reported also that a large quantity is in sight in the near future. Here, and this will be the case in the other States for the season, canners have not yet begun to buy. The green goods in this district are expected at any time. The Farmers' Union will be glad to see the goods which it was stated today are ripening too fast to handle in the open market. It is understood that possibly one or two of these goods will be taken to provide top seed. In a letter which was received stated that so far as the known is in the rubber business in Mexico, the business is not so good. She deposed that she has paid the household bills herself during past year.

SUGAR FACTORY BUSY.

FRIDAY MORNING, JULY 9, 1909.

EARLY BIRD.

CANDIDATE SAMMIS FIRST ON GROUND.

Iowa Aspirant for Grand Exalted Ruler Met by White Squadron and Big Crowd of Local Elks on His Arrival.

LOS ANGELES Elks gave the first exhibition last night of the greeting that is to be extended to all visiting members of the order, when they gathered to meet J. U. Sammis, candidate for Grand Exalted Ruler, who arrived at 10:25 o'clock by the Salt Lake line. It was the first special party to arrive in private cars. The same sort of welcome will be extended tonight to "Garry" Herrmann, candidate for the same office, when he arrives with his big party from Cincinnati.

Sammis was the first man to alight from his private car, which, with a companion sleeper, carried the forty members of his delegation. He was met by Exalted Ruler Leo Young—

Arrival of Candidate Sammis.

aspirant for office of Grand Exalted Ruler, alighting from this private car, which reached the Salt Lake station at 10:25 o'clock last night.

worth, by Past Exalted Ruler John G. Mott, and other officials of the local lodge, and lined up on the station platform a detachment of the famous White Squadron, commanded by second lieutenant Frank Bryson, and a band, sang and took a merry welcome.

Mr. Mott took the candidate and several members of his party in an automobile to the Alexandria, while the private cars were switched to the Southern Pacific, where they are to park for the next ten days.

SQUADRON'S WELCOME. The White Squadron, wearing for the first time its uniform of tan, edged with black, marched from the station to the hotel, and with the band at its head swept into the lobby of the Alexandria shortly after the arrival of Sammis. There it sang "Hello, Bill," with a funny little accompaniment by the band, winding up with "For he's a jolly good fellow."

All of which made a tender hit with Sammis, who hadn't expected to be met in this way. He said, "I have been caught by the band, but I haven't caught his breath from the look for 75 per cent. of the votes; in Missouri, 70 per cent.; Texas, 90 per cent.; Arkansas and Oklahoma, nearly solid. On the Pacific Coast and in the Far West all I can hope for is an even break."

In the Eastern States, of course, I look for me the Alexandria and strength, though in Maryland, New Jersey and Massachusetts I expect a large following. "From all that I can see now, I believe I shall win."

Headquarters for Sammis will be opened today at the Alexandria, and there will be something doing all the time until the day of the election. Herrmann will have headquarters at the same hotel.

SIoux CITY LAWYER. Sammis is a lawyer of Sioux City, Iowa, his home being at Le Mars. He

is a member of the Iowa State Senate and for eight years has been a member of important committees of the Grand Lodge. For four years he was a member of the Committee on Laws, and for two years more was chairman of that body. He is serving his third year as chairman of the Judiciary Committee.

He is noted as an orator, and for the last thirteen years at various Elks' memorial Sunday services throughout the country he has been the principal speaker. In the party that arrived last night are C. P. Bates of Sioux Falls, S. D., member of the Committee on Laws, and "Dick" Wood, also of Sioux Falls, president of the South Dakota Elks' Association. Past Grand Exalted Ruler, Knight, publisher of the Dakota Elk, and several other things, past and present.

Others who traveled in the private

cars are E. A. Dalton, C. C. Bradley, A. C. College, G. A. C. Clarke, R. Nicholson and George Arnold Smith and wife, all of Le Mars; Will H. Beck, George B. Whittemore and wife, Ram Page, Frank S. Lamar, Dr. Guy C. Rich and wife and two daughters, Dr. Russ and W. H. Tinnel of Sioux City, and John Rine of Omaha.

DINGLE MAKES A HIT. In addition to the White Squadron, which wears the tan uniform so that its classy cream clothes may be clean for the big parade of Thursday, there were many Elks at the station in the regulation white flannel suit with the purple trimmings. One of the largest of these suits covered the frame and

of Ervin Dingle, County Horticultural Commissioner, and, until the direct primary law went into effect, somewhat of a politician.

Dingle clambered aboard a special car that the street-railway company had sent to the depot for the ladies of the visiting Elks, and nothing would do but that he should pay the fare of every lady Elks. There were nineteen of them on the car, and altogether they beamed 95 cents' worth on Dingle the conductor dangled the cash register.

Several other local Elks wanted to do the same honor, but the Horticultural Commissioner got in first.

PUZZLE FOR FREDERICKS.

Apparent Discrepancy Concerning the Closed Season for Hunting Deer Goes to Him.

Dist. Atty. Fredericks has been chosen to referee a sporting proposition, and he is busily getting pointers from hunters of prowess. The question which has been put up to him is when one can shoot deer without violating the law. The District Attorney is a good deal of a hunter himself, and he is much interested in solving the vexing problem.

The statutes, section No. 626, state that it shall be deemed a misdemeanor to shoot or have in one possession any deer between November 1 and August 15 of each year.

The code, however, states that the closed season is from November 1 to July 15 of each year. The third prong of the dilemma is the wording of the so-called chapter slips, which make the closed season begin November and end August 1.

If the code be correct, the shooting season is from November 1 to July 15 of each year. The third prong of the dilemma is the wording of the so-called chapter slips, which make the closed season begin November and end August 1.

EARLY TROUBLES. BOY HUSBAND SOON IN JAIL. GIRL WIFE CHARGES HIM WITH ABANDONING HER.

Romance of Five Weeks Runs the Gamut of Emotion—Youngster of Nineteen Seeks Fate—Says Only Had One Tiff and Is Willing to "Make-up" and Support His Bride.

Although only 19 years old, Erwin Knappe is locked up in the County Jail on a charge of abandoning his girl wife, Mrs. Dottie Knappe, 18 years old, who, before her marriage on May 23, was Miss Dottie Vice.

The youthful husband, whose appearance is that of a boy hardly more than 14, was arraigned before Justice Ling and held for examination today. "Say, judge, can I be put in prison for this?" asked Knappe, in an anxious tone.

"Under the new law making abandonment a felony, you can," replied the justice.

"Gee, but that's tough!" exclaimed the youngster, sadly, as he was led off to jail.

In the jail Knappe stated that he had known Dottie three years before they were married. On June 14, asserted Knappe, he told his wife that he was going out and would not be home until 10 o'clock.

"Well, if you don't come home till then you might as well take your things and stay away," Mrs. Knappe remarked, according to her husband, "I took my suit case and left," said the prisoner. "That is all the trouble there has been between us. She went home to her folks, who live on Boyrie Heights, and I have only seen her once since."

Humane Officer Reynolds called upon Knappe at the bicycle repair shop where he works a few days ago, according to Knappe's story, and asked him if he was going to support his wife, and by said he would make her an allowance out of his salary of \$10 a week.

"He seemed to think that was all right," said Knappe, telling his story, "but I haven't seen him since, and he said he would let me know. I'm willing to support her, but I don't see why I have to be arrested."

In hope of getting out of jail before night, Knappe persuaded a deputy constable to hunt up his wife and bring her to the jail. But at a late hour the girl bride had not put in an appearance, and Knappe was still behind the bars.

DEATH'S SUDDEN SUMMONS. Popular Supervising Principal of Boyd-street School Succumbs to Operation in Hospital.

Great surprise and distress was caused among the friends of Miss Katherine A. Clarke, who was well known as supervising principal of the Boyd-street school, to learn of her unexpected death yesterday afternoon, after undergoing an operation at the Sisters' Hospital for gall stones.

Two days previously she seemed to be in the enjoyment of her usual good health, and hence her death caused a great shock to her many friends and admirers in the city. She leaves four sisters, all resident in Hollywood, Mrs. George Mitchell, Mrs. George Lewis, Miss Sara Clark and Miss Anna Clarke. Arrangements for the funeral have not yet been completed.

LIVE ELKS ARRIVE. Two live Elks, somewhat frightened from their long ride to Los Angeles from Golden Gate Park, San Francisco, arrived yesterday afternoon at the Wells, Fargo & Co. Express office. They are consigned to the Alexandria Hotel, where they will be placed in an ample cage over the entrance this morning. Manager Whittemore announced his intention of presenting the animals to the Eastlake Park zoo after the Elks' gathering.

SEEK TO OUST EYESIGHT BODY.

Ask for Removal of State Optometry Board.

Irregularities of Various Kinds Charged.

Accusations a "Rich Joke," President Says.

Removal of every member of the State Board of Optometry for alleged causes set forth in a voluminous petition is the prayer of twenty optometrists of this State, headed by Dr. George W. Chester of this city.

The petition was prepared by Attorney Hutchinson ("El Hutch") for the petitioners, and sent to the Governor. It is probable that it will be followed by an additional petition, now being

prepared by Attorney Hutchinson, in which further allegations regarding the alleged delinquencies of the State Board of Optometry are set forth.

The charges are amazing ones and the petitioners plead for an opportunity to present their alleged proof. Meanwhile members of the board treat the matter lightly, declaring that this move is due to pique because of the board's activities in forcing from practitioners who do not desire to have the right to do the work of optometrists.

Two members of the State board, Dr. F. C. Chinn of Sacramento, the secretary, and F. W. Lauffer of Oakland, will arrive in Los Angeles this morning, taking this morning in the Los Angeles member and chairman, will convene as an examining body at 9 o'clock this morning in the assembly room of the Chamber of Commerce.

Not until yesterday, it is said, were the members of the board aware that they were coming right to the headquarters of the movement which has for its object ousting them from their positions. Immediately upon the heels of the State examinations will come the meeting of the State Association of Optometrists, of prominent members from all parts of the State will be in attendance. It is believed that some action will be taken by the gathering or to add to its request for an investigation so that the members of the State board may be exterminated.

WHAT STIRRED THE SQUALL. The petition which has stirred up the present squall, sets forth in a direct appeal to Gov. Gillett:

"The undersigned, practitioners in optometry, of long experience and regularly licensed, hereby petition you to remove the present Board of Examiners in Optometry for the following causes:

"First, for the subversion of the ends of justice by said board in that said board has not performed its duties as a public party in any way, for several years past, and that it has not in any way informed you, as Governor of this State, as we understand, for about two or three years as to its proceedings as a State board, and public body, and as required by the law so to do.

"We are further informed, and so state, that several members of said board, the president thereof and one or two others, have during the term of their service, or alleged service, as members of said board, and therefore as public officials, employed in their own offices persons to practice optometry who were not and never have been licensed in optometry under the laws of this State, and that said members of said board have knowingly and willfully employed said persons, in the profit of said members, in direct and intended violation of the law of this State; that it is for said reasons, and for several other reasons, that, as we are informed, no report of the said board has been filed with you in your office, or with any other authority of this State for the last two years, at least.

"We further state that we desire a public investigation of these charges, and that at any time that you may desire we would like to appear personally, or by affidavit or deposition, to make proof of the charges here in made, with the exception of the matter of the failure of said board to report to you as required by law, which matter, or the omission of which duty will best appear by the records of said board, and by the lack of such report in the archives of your office.

"We hope that this matter can be taken up at an early date, and that you will indicate to us, or any one in report to you as required by law, in which an examination into these charges might be had, and as to whether or not it will be necessary to

remove the present Board of Examiners in Optometry for the following causes:

"First, for the subversion of the ends of justice by said board in that said board has not performed its duties as a public party in any way, for several years past, and that it has not in any way informed you, as Governor of this State, as we understand, for about two or three years as to its proceedings as a State board, and public body, and as required by the law so to do.

COL. SCHANTZ DIES.

Veteran Newspaper Man and Tactician of Note Passes Away in This City.

Col. Alfred Bruno Schantz, son of the late Prof. Norbert Schantz and Mrs. Louisa Schantz of Los Angeles, died in this city yesterday after a short sickness. Col. Schantz was born in Milwaukee 48 years ago, but was brought to this city when a baby, and grew up here and received his education in Los Angeles schools.

He began his life work here as a newspaper man on the Herald, but about 1885 went to Pittsburgh and became connected with the Dispatch. From there he went to New York, and for several years was one of the staff men on the New York Tribune.

He resigned from the Tribune to lead the Frank Leslie expedition into Alaska, and was one of the first white men to penetrate to the Yukon. His report upon that country being followed the next year with the first rush there for gold.

Shortly after his return Col. Schantz organized the Sterling Remedial Company of Indiana, and became its secretary, a position he held until recently, when he settled up his affairs and came back to his home of his boyhood to live. A few weeks ago he bought a beautiful home in Garvanza, but did not live long in it.

Col. Schantz made a study of military tactics, and commanded a regiment in the Indiana National Guard. He represented that State at the Manassas maneuvers on the old battlefield, and his report was highly commended by Gen. Wagner that it was forwarded to Washington and adopted as a text-book by the War Department.

He was a thirty-third degree Mason, and was a blue lodge member, Scottish Rite Mason and a Mystic Shrine noble. The funeral will be held Monday afternoon at 2 o'clock at the home of his mother, No. 1317 Wall street, and the Masons will conduct services at Roadside Cemetery, where the body will be cremated. The pallbearers will be David G. Hallie, Arthur L. MacKay, Louis Herzig, Ferdinand Kamps, Frank Dickman and Robert Beattie. His mother and widow, Mrs. Annie Schantz, survive.

THE PUBLIC SERVICE In the Courts and Offices

SUMMARY OF THE DAY.

The Park Board has decided that its total for this year—\$2,000,000—is too great to hope for allowance by the Council, and a cut will be made.

Judge Bordwell yesterday denied the motion of the defendants in the case of the Sunset Telephone and Telegraph Company, against the city of Pasadena, to strike from the files the order made on Wednesday purporting to amend an order heretofore made in the action June 22. The case will now go direct to the Supreme Court.

The marital troubles of Abraham Marks, the Ocean Park curio dealer, and Eva Marks, will be settled today, Marks paying his wife about \$200.

Five witnesses testified yesterday to the truth, integrity and credibility of Will D. Gould, attorney in the C. K. Woods "lost will" case, in Judge Rives' court.

AT THE CITY HALL.

PARK ESTIMATES SCARE BOARD.

PRUNING KNIFE TO REDUCE UN-EXPECTED BIG TOTAL.

Plans for Maintenance and Improvements Must Be Curtailed to Avoid a Conflict With Finance Committee When the City's Income Is Distributed This Month.

Like the mother trying to select one of her many children for adoption by a neighbor, the Park Commission looked longingly at all its items for the new budget yesterday afternoon and adjourned without deciding which could best be sacrificed.

This sacrifice is necessary, because the budget total for the park department, aggregating \$2,000,000, calls for about one-seventh of the total income of the city, and the commission realizes that it will not be allowed in full by the Council Finance Committee. That committee is disposed to treat the park department very liberally this year, especially in the matter of improvements, but it has indicated that the budget cloth will not be big enough to cut pieces as large as each department will ask. Another meeting will be held tomorrow afternoon.

The largest items of the park budget are: New buildings, \$1,170,000; land for amusement, \$1,000,000; salaries and wages, including 354 laborers, \$295,475; street improvements, \$23,000. One of the most convenient items is that for "plants, bulbs and seeds," which amount to only \$240.

The new budget includes the convenience stations in the larger parks and a conservatory at Eastlake, the latter to cost \$75,000.

Last year the Council allowed the Park Department only \$1,650,000. This was barely enough for maintenance, it is the purpose of the commission to demand its list of necessities, and urge the Council to grant as much more as it may possibly do.

The Board of Health has decided to make a requisition for necessities, and stand pat for them. Its budget will not show a large increase by August 1 and pushed rapidly until done. The improvement does not include sidewalk.

AT THE COURTHOUSE.

CUTS VISITS TO THE CHILD.

FATHER IS TO SEE SON ONLY ONCE PER WEEK.

Evidence Shows That Calls of Parent Where His Boy Is Kept Are a Source of Disturbance. So Court Reduces Permitted Number by Two-thirds.

George W. Meinier, who is a cousin of the late President McKinley, was one of the leading witnesses in a case heard in Judge James' court yesterday, involving the right of George E. Ames, son-in-law of Meinier, to visit his child, Wilbur Ames, under an order of the court.

Several weeks ago Judge James decided that Ames might see the baby at certain intervals, but his visits were the cause of near-riots in the vicinity of West Twelfth street, where the Meiners lived, and the action was to compel him to stay away altogether.

There was a mass of testimony, involving the domestic establishment of Meinier, much evidence as to the number of times Mrs. Ames, the mother of the child, visited it; something as to her temper—all to show that she is not the proper person to have the custody of the boy.

There was much bitter feeling shown on both sides, and the testimony was so contradictory that the court would give him half a chance he would furnish his son-in-law a test of his mettle. Meinier gave Ames a bad name and the latter responded likewise, while the daughter added her voice to the bawling chorus.

Judge James patiently witnessed the hanging out of the family wash, although at times the testimony was so contradictory that the court would give him half a chance he would furnish his son-in-law a test of his mettle. Meinier gave Ames a bad name and the latter responded likewise, while the daughter added her voice to the bawling chorus.

MARKS'S MONEY.

His wife gets a slice. The troubles of Abraham Marks, the Ocean Park curio dealer, and his wife, Eva Marks, that have at intervals occupied the attention of the court, either in a divorce action or a suit for al-

imate maintenance at intervals for several months, are about to be ended, so far as court proceedings are concerned.

A conference was held yesterday, when an arrangement was all but concluded, involving the payment by Marks to his wife of a lump sum for her maintenance. The amount will be either \$2500 or \$3000, the attorney for the husband asking to be released for the first-named sum, the wife through her legal representative, insisting that she be given the latter amount. One thing was settled, the matter will be fixed up to the satisfaction of both without any further litigation.

The payment of the sum agreed upon will relieve Marks of any monthly demand for funds, as, under the order of Judge House, when the suit for divorce failed last spring, he was compelled to pay her \$40 a month for her support. She said this was insufficient, and will, under the terms of the pending settlement receive nearly \$200 more than Marks paid her several years ago. The agreement was reached that the husband should give \$2000, she went to Texas but soon returned and the pair arranged to live together again. Mrs. Marks turning over to her husband an expended portion of the purse he had given her to quit him forever.

WOMAN WINS.

ON CROSS-COMPLAINT.

The troubles of the Andrew family of Signal Hill near Long Beach were aired in the divorce court yesterday. An action was originally brought by George Andrew against Anna, but Andrew, alleging adultery on her part with James B. Coleman, but this suit was abandoned, and the wife was granted a decree on her cross-complaint, alleging extreme cruelty.

The wife said that her husband is worth between \$100,000 and \$200,000, and is in receipt of \$1000 a year in the way of rentals. The allegations of the complaint proven in court, consisting of bad language toward the wife, with numerous episodes made up of attempts to knock her down and otherwise mistreat her.

The difference existing in the Andrew family have been the subject of much discussion in Long Beach for a long time, and a number of people from that city were in the courtroom to hear the evidence. The defendant did not appear.

INDORSE HIS VERACITY.

WITNESSES SUPPORT ATTORNEY.

The question of the veracity of one of the attorneys engaged in the trial of the action instituted to establish the validity of the alleged "lost will" of the late Christian K. Wood, on trial in Judge Rives' court for several weeks, was the feature of the hearing yesterday. Evidence was offered Tuesday tending to impeach the credibility of Will D. Gould, attorney for Frank Wood of Compton, who is trying to establish his right to all of the estate left by his father. In support of the contention, evidence of W. H. Anderson, C. V. Anderson, Tracey C. Becker and Charles Thompson was offered.

Yesterday, Attorney Gould had his day in court, and five old friends testified that he is a man of integrity and that his truth and integrity can be relied upon. Those who so testified were: Judge J. D. Bordwell, former member of the Supreme Court of Arizona, Braden W. Nelson, Mayor Alexander, and Supervisor Fridman.

Judge Davis was cross-examined at some length in regard to his knowledge of the character of Will D. Gould, but he testified that several years ago he had occasion to investigate the man as a fellow juror, with Gould of the order of the Knights of Pythias and that he was satisfied of his integrity. The evidence of the other witnesses was along similar lines.

The testimony in the Wood case was closed with the examination of these witnesses in behalf of Gould which was completed Tuesday.

PASADENA CASE.

READY FOR HIGHER COURT.

Steps looking to the appeal of the case of the Sunset Telephone and Telegraph Company against the city of Pasadena were taken in Judge Bordwell's court yesterday.

The court denied the motion of J. P. Wood, attorney for the defendants, to vacate, set aside and strike from the files the order of the court in the case made on July 7, 1937, and purporting to amend an order made in the action June 22, and also purporting to restrain the defendants as set forth in the order. The motion was made and based upon the plea, in fact, records and files in the suit and upon the ground that the order was and is beyond the jurisdiction, power and authority of the court to make, and is void.

Attorney Wood said that application will soon be made to the Supreme Court for a writ of prohibition to prevent the enforcement of the restraining order.

SHE KNEW MELBA.

BUT DOESN'T SING NOW.

She is Melba. A woman residing on the North Side, who was apprehended on the charge of larceny, was in Judge Wilbur's court yesterday. She was discharged, it being apparent that her best-selling act is to gig tongue and that there is nothing the matter with her brain. In her testimony to the court, she claimed to have been at the time a schoolmate of Nellie Mitchell, who is now known over the musical world as Mrs. Melba.

She said Melba was born in Australia, but that she (the witness) was born in England, and was removed to Melbourne at an early age by her father, where she knew Melba Mitchell, a young girl.

The woman also said that at one time she was quite a singer herself, but I cannot sing now," she said sadly.

CONSOLIDATED BANK.

TO PAY SMALL DIVIDEND.

Evan Lewis, custodian of the Consolidated Bank under the order of Judge James, will present a report to the court this morning and ask that he be authorized to declare a dividend amounting to about 20 per cent. to the depositors. The amount in the hands of the custodian is about \$100,000, and it will be given to almost a thousand depositors, if the distribution is allowed.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

KEESY CASE. The testimony has been concluded in the contested divorce action of Keesy against Keesy. The argument will take place before Judge James Monday morning. The court has already ruled that it will hold that the property possessed by each is separate property, and the intimation has been made that the wife is the better manager of the two.

INCORPORATIONS. Papers for the following incorporations were filed in the office of the County Clerk yesterday: American Fruit Canning Company, capital stock \$20,000, by E. L. Hill, Frank W. Hovey and W. W. Phelps; Ashland Land Company, cap-

VAN CLEAVE THIS EVENING.

JAMES W. VAN CLEAVE, former president of the National Association of Manufacturers, and James A. Emory, secretary of the organization, will address a gathering of those interested in industrial independence and prosperity promotion at Symphony Hall, Blanchard building (entrance No. 223 South Hill street) this evening at 8 o'clock. Widespread interest has been expressed in the meeting, which will be held under the auspices of the Merchants' and Manufacturers' Association.

On the night of May 4, pleaded guilty before Judge Frederickson yesterday on a charge of violating the retail liquor ordinances. Foster told the court that because of the publicity given the raid his business had been ruined and he has been compelled to give up his life. Because of this fact the magistrate imposed a suspended sentence of 300 or ninety days during good behavior. The Bacon was raided the same night as was the Manhattan and Boston hotels.

SENT AFTER HIM. Ben McClain is on trial in Judge Davis' court on a charge of making an attempt to bribe a juror. The hearing was held on the morning of the trial, when the defendant was out on bail, did not appear. A bench warrant was issued for his arrest. The hearing was explained that he had misunderstood the date of the trial.

WANTS DAMAGES. M. Cohn brought an action in the Superior Court yesterday against the Los Angeles Railway for damages on account of injuries alleged to have been received while alighting from a car on the "Flats," June 20.

MAY MORTGAGE. Judge Wilbur yesterday granted the petition of the Los Angeles Railway for an order that organization to mortgage its property on Grand avenue between Fifth and Sixth streets for \$7000.

PETITION TO SELL. The congregation of the Second Presbyterian Church has petitioned the Superior Court for permission to sell a lot on Griffin avenue near Downey avenue, for \$2000.

UNITED STATES SENATOR. Will H. Willis, Elmer Gregory, F. E. Russell and J. C. Cox, members of the board of trustees.

ACTION FOR DAMAGES. Judge Bordwell yesterday heard the hearing of the damage suit of W. H. Thomas against the Los Angeles Gas and Electric Company, by reason of the explosion of a gas pipe in the East Fifth street, January 12 last. Thomas was proprietor of the Redondo restaurant, and the pipe was partially wrecked. He has sued for \$25,000.

EIGHT JURORS. Five more jurors were secured yesterday before Judge Willis in the Superior Court to try the case of Eugene O. Williams, charged with having murdered Cecil Thayer January 1 last. Three jurors were secured yesterday, and the following five yesterday: Jackson E. Butler, Lamanda Park; James G. Rankin, Colegrove; Hugh Petrie, Lancaster; W. Nelson, Long Beach; and Thomas N. 'Lila, Downey. Thirty-seven talesmen have been examined, and it is expected the jury will be completed today.

OTIEGON PELONY CHARGE. Deputy Sheriff Woods arrested Arthur E. Dean, owner of Eugene O. Williams, yesterday, on a telegraphic warrant from Sheriff H. L. Brown of Lane county, Oregon, charging him with being a felon in that State, although only a high misdemeanor in California. Dean was locked up in the County Jail on a fugitive warrant, and was arraigned before Justice Summerfield today.

WANT THEIR TRUNKS. F. O. Starnfield and Mrs. O. P. Starnfield filed suit before Justice Stephens yesterday against the Southern Pacific for recovery of their trunk and damages for alleged unlawful detention. The plaintiffs assert that the trunks came from New York, and the railroad company now refuses to give them up, claiming extra charges.

THE INFERIOR COURT.

LOSES RACE TO HELP HUSBAND.

WIFE ARRIVES IN COURT THREE MINUTES TOO LATE.

Man Pleads Guilty to Vagrancy Charge and Receives Six-Month Suspended Jail Sentence Just Before Woman Appears With Attorney Engaged to Defend Him.

Because his young wife and attorney were three minutes late in reaching Police Justice Rose's courtroom yesterday afternoon, Robert Norris has a 180-day suspended jail sentence hanging over his head, to evade which he must leave the city within twenty-four hours.

He was charged with vagrancy. He had received no intimation that his wife would come to his aid or would employ counsel. Accordingly when his case was called yesterday afternoon he entered a plea of guilty and was given the 180-day sentence on his promise that he would leave town.

Three minutes after sentence was pronounced and after the young man had gone from the courtroom his young and beautiful wife appeared in company with Attorney Appel, only to be informed that her husband had been sentenced. The attorney declared that if the case had gone to trial Norris would have been acquitted. The attorney left the courtroom with the young wife in search of the husband.

Negro Is Lucky.

Because two police detectives were detained on other duties and arrived in Police Court late yesterday afternoon, William Lawson, colored, was released by Justice Chambers for lack of prosecuting witnesses. Lawson was charged with stealing a bicycle. He left the courtroom with towels gleaming through his broad smile.

Justice Is Lenient.

John Foster, proprietor of the Bacon rooming-house at No. 223 East Second street, which was raided by the police

on the night of May 4, pleaded guilty before Judge Frederickson yesterday on a charge of violating the retail liquor ordinances. Foster told the court that because of the publicity given the raid his business had been ruined and he has been compelled to give up his life. Because of this fact the magistrate imposed a suspended sentence of 300 or ninety days during good behavior. The Bacon was raided the same night as was the Manhattan and Boston hotels.

Former Fireman in Trouble.

After accumulating a large cargo of liquor Wednesday night, H. E. Snyder, a former city fireman, noised it abroad that he could whip any man in the world. His bluff went wrong when he ran across Patrolman Wolfe, who promptly landed in the Central Police station. Snyder was charged with the possession of a concealed weapon and pleaded guilty to the charge before Police Justice Chambers yesterday morning and stated that too many drinks were the cause of the trouble. He will receive sentence today.

Wanted Rough House.

Ernest Payne attempted to "clean out" the passengers of a West Second street car Wednesday night. When the conductor and Ord and Eugene Yarnall saw the fight going on in the car, hurried to the corner and placed Payne under arrest. Yesterday morning Payne was fined \$20 by Police Justice Chambers.

Chauffeur Is Fined.

John Clayton, a chauffeur, who ran down and injured Fred Johnson with his automobile at Ord and Eugene Yarnall streets Tuesday afternoon, was fined \$25 yesterday by Police Justice Chambers for failure to report the accident. The evidence showed that after the accident Clayton put on speed and drove down the street without stopping. The evidence showed that the injuries of his victim.

GRAVES LIBERTY.

BENNETT TO MAKE FIGHT FOR BAIL.

who has not been a bona-fide resident of this State for at least a year is eligible to take any of the civil service examinations in California.

FOR AGRICULTURAL PARK.

Board of Supervisors instructs Local Architects to Co-operate With State Architect on Buildings.

The first step was taken by the Board of Supervisors yesterday for the expenditure of \$150,000 at Agricultural Park and to cooperate with the city of Los Angeles and the State of California in beautifying the grounds and rearing buildings at a total expense of \$200,000.

Upon motion of Supervisor Fridman the board passed unanimously a resolution instructing Hudson & Munsell, local architects, to cooperate with the State architect in drawing plans for the Historical and Art Museum to be built in conjunction with the State fair buildings and the National Guard armory at Agricultural Park.

The action means that it intends to go ahead at once with the scheme of making Agricultural Park one of the show spots of California, and that it will have "abandoned" his plan to build a State building on the State fair grounds.

ready told in The Times, this building is to be one of the most attractive places in or about Los Angeles, and will be devoted to the preservation of the priceless relics of the old mission days and souvenirs of California history, as well as of art objects.

RECALL STEAM ROLLER.

His Honor Runs His Machine Over Richmond Plant's Aspirations for Mayoralty Nomination.

"Uncle Aleck" has a steam roller. That he has it was divulged yesterday, when word was passed to the faithful in "our set" and its subalterns that Richmond Plant, the saucy little member of the recall Park Commission, has "abandoned" his wish to be Mayor, and would look pleasant with the nomination for City Tax and License Collector.

His announcement as such a candidate is expected formally in a few days.

Plant took the suggestion of his name as a Mayoralty candidate so seriously that it worried "Uncle Aleck." It reminded him that the recall office does not always deal a political appetite. In Plant's case it seemed to be a mighty, scorching "boom," if such it may be called, was growing right in the vicinity of the recall administration offices.

So "Uncle Aleck" got his steam roller. It is understood the Earl-Lincoln houses got together and decided it was bad enough to have to back Alexander for office for another term, without having a split in their own ranks. In addition, Plant showed a disposition to assume leadership and propose reforms that had not been officially adopted by "our set" and, anyway, he was an interloper from the Democratic League, and not an original member of the recall party.

After the Mayor had made it plain that he would use all necessary methods to subvert insurrection in his own administration, that Plant is just the man for Tax Collector, and that is what he will do, he is any kind of a look-in at the final.

EAGER FOR JUNK.

Several Hundred Persons Attend Police Sale and Grab at Accumulated Wares Offered.

The annual auction sale of "junk" accumulated by the Police Department in the last year was held yesterday at the Central Police Station. Patrolman Billy Matthews acted as auctioneer, assisted by Turney Al McLean and Property Clerk Henry Clay Walker.

Matthews offered his wares from a stand improvised from a poker table. Articles of almost every description were grabbed by a crowd of several hundred. Eighty bicycles were among the items. The total income from the sale, which will be applied to the police pension fund.

Although Bennett has been held for trial in the Superior Court by Justice Ling, the prisoner has not yet entered his plea of "guilty or not guilty," and will probably do today, but especially does he wish to get out on bail to see his little daughter and to attend to his real estate.

Attorney Drake for Bennett will present to Judge Davis a long list of authorities bearing on the case at bar to back up his application for bail in behalf of the defendant.

On the other hand, Asst. Dist. Atty. McComas is prepared to show that under the peculiar circumstances surrounding the alleged murder of Bennett, the accused man, under the law, has not the right to be admitted to bail.

According to this law, upheld by Supreme Court decisions in the 88th and 92nd California Reports, a man accused of a crime can only be convicted of one degree of crime, and that is murder in the first degree. There is no exception for manslaughter nor for murder in the second degree.

Consequently, if convicted at all, Bennett must face the gallows unless the jury sets his penalty at life imprisonment.

Because the law says that where, in the mind of the judge, the evidence against the defendant preponderates beyond a reasonable doubt, he shall hold the prisoner for trial without bail, is another reason given.

This was the argument made by Mr. McComas before Justice Ling in the township court, but without naming any authority, simply by legal inference, when Bennett was held before the higher court today the veteran prosecutor will be armed with two separate complaints, one charging him with robbery, and the other with perjury. The defendant is still in the County Jail in default of \$700 bonds. The Federal officers are still working on the robbery of the register, which resulted in the \$25,000 in currency. The insurance company, which stands the loss, has detectives working in conjunction with the inspectors.

THREATENER RELEASED.

Martin Miller, alias Theodore Longy, who was given a short sentence in County Jail upon conviction of sending threatening letters through the mail, was released from custody yesterday. He told the officers he will never transgress the law again, and promised to send his money. The attempt to blackmail was clumsy, and Miller was soon arrested. He is believed to be partially demented over socialist doctrines.

MUST LIVE HERE YEAR.

President Black of the Civil Service Commission, Washington, D. C., has notified F. C. Mulkey, auxiliary secretary of the local board, that no person

Week End Bargains In Slightly Used PIANOS

How the Entries Stack Up

FINAL try-outs were given the entered in the great road race Santa Monica yesterday morning and there will be no speeding on course today. Until the morning start at 8 o'clock tomorrow the machines will be working enough to try their engines. Drivers who have worked incessantly to put the cars into perfect shape taking a few hours of needed rest before the fierce struggle. Over 100 miles and 424 feet of the race the cars will strive for honors. On a course from which every car either race has a fighting chance. The race will start at 8 o'clock tomorrow. ARIZONA will not remain unrepresented in The Times scholarship contest of 1909. Sons of the sun-baked Territory have distinguished themselves before in the great race, and this year the opportunities are made than ever.

David H. Hughes of Tucson is the one who will demonstrate that Arizona is on the educational map. He has been nominated for the race by David H. Hughes, Esq., a prominent attorney of Tucson, and accepted the trust as shown by the following correspondence:

TUCSON (Ariz.) July 7, 1909.—Consul Manager, The Times, Los Angeles, Cal. Dear Sir: I take pleasure in nominating a candidate in your Scholarship Contest, Mr. David H. Hughes of Tucson, Ariz. He is a young man of about 18 years, ambitious, anxious for an education, and in every way worthy of a place among your educational winners. He is an orphan, a son of the late Col. Thomas Hughes, who was a pioneer of Arizona and a Civil War veteran.

Hoping to find his name high among the winners, I am very truly yours, DURELLE F. GLIDDEN.

TUCSON (Ariz.) July 7, 1909.—Consul Manager, The Times, Los Angeles, Cal. Dear Sir: Having a little time to spare outside of working hours, and feeling satisfied with the help of my friends, I place my name in your Scholarship contest. I am very anxious to do my best to win one of the scholarships offered by The Times. I am very well acquainted with quite a number of people in Arizona, as I have lived here all my life. If you will mail me the necessary papers to start in, I will try to reach first place. Thanking you in advance, I remain, very truly yours, DAVID H. HUGHES.

Like David of old, when but a stripling, David Hughes is not afraid to battle with giants. He will have some formidable foes to overcome in order to win first prize, \$500 in gold coin, but he aims high and hopes to win it, for he needs the money for his education. He feels confident, at this rate, that he will be able to win one of the scholarships offered and a cash prize.

NEW SPECIAL SCHOLARSHIP.

In addition to a \$100 scholarship in the Yale English and Classical School for boys, open to general competition, The Times has arranged with Prof. C. Adams, head master of the school, for a second scholarship, good for \$100 in the price of a year's tuition.

Charles H. Yglesias, wonderful boy violinist, who is making his third scholarship campaign.

earn some money as commission allowed on new subscriptions. There are other boys outside of Southern California besides David H. Hughes, who desire to come to Los Angeles to further their education. All such should try to win this special Yale School scholarship.

Prof. Adams says Murray Royer, who won a Yale School scholarship last year, is a satisfactory member of the school, and a credit to the institution. Murray is trying to win the \$100 Yale scholarship again this year, and has made a very good start toward that end. He continues in eighth place, and by the time that all of his Redlands friends have given him their subscriptions, he expects to stand a good deal higher.

Master Carl Miehle, the Riverside orphan, who is striving for a scholarship, made the largest gain yesterday, and advanced ten numbers to twenty-sixth place. Carl says he has other work to do, and cannot devote all of his time to the contest. He hopes to do better in a few days hence, however. He has many friends, Harry, and his aunt, Mrs. W. B. Lathrop, are assisting him. He hopes soon to be able to rise higher.

Edwina Lloyd and Florence Barlow moved up six numbers each, the former to twenty-third and the latter to thirty-fourth. They are both good girls and striving hard to win.

Miss Anna Bloom has been in this place so long that she began to think that the "hoodoo" would cling to her, and that they would never be "nah day," for yesterday was Thursday, and she gained enough points to take her up to eleventh place. Raymond Austin captured third place from Dorothy Scherer.

Alice Capron ousted Anna Bloom from fifth place.

Miss Wilson of "Whittier moved one degree to seventeenth place.

Edward Walker rose one degree higher to thirty-sixth place.

Master John Kettle Thurbay has been quite ill for several days, and looking ground in consequence. His friends should come to his rescue while he is sick. A big bunch of votes would be like medicine to him.

Frank S. Hess of Albuquerque, N. M., sent in some votes for Emory Beck because he was the lowest on the list, but Emory withdrew from the contest, before Mr. Hess's contribution arrived. With the subscriber's consent the votes were given to the lowest on the list at the time, Miss Florence Peterson.

Miss Anna Bloom has received a very nice letter of encouragement and some votes from Miss Ruth Harper of "Celia Vista."

Harper says: "I noticed last year that you worked very hard for your sister and friend, and when I saw that you had entered the contest yourself this year, I became interested and decided that you deserved help. My daddy and grandma's subscription run next month, and they expect to renew, so will give you the benefit of their renewal."

Miss Grace Wagner will be 14 years old next Saturday, July 16. She hopes to receive many votes as a birthday present. Grace's sister, Edna, was first prize winner in the contest of 1907. The First Methodist Episcopal Sunday-school helped her very much and Grace is hoping her Sunday-school mates and teachers will help her as she did Edna. Grace is a hard worker, but is not able to rise higher than ninth place for the present.

Miss Mary S. Johnson of East Forty-second street was a welcome caller at contest headquarters yesterday. She won a business college scholarship in the contest of 1907, made good use of it and now has a good job. She recommends The Times contest to all ambitious young people as a means to an end.

Master Charles H. Yglesias, the wonderful boy violinist, who is making his third scholarship campaign, is nodding along in sixteenth place. "C. Y." is a native of Arizona, but has lived in Los Angeles for some years. He is one of the best violinists of his age in this city, and his services are in good demand at entertainments. He has won his third year certificate in the Los Angeles College of Music, and is eager for another term.

THE SCHOLARSHIPS.

THE list of prizes to be competed for in this contest for more scholarships providing for six months to one year's tuition in each of the following well-known educational institutions of Los Angeles and vicinity, the value of the scholarships ranging from \$50 to \$2500, is as follows:

Yale School of Music, University of Southern California, Preparatory School, U.S.C. College of Oratory, Boula's Weight, Dean, U.S.C. College of Law, Huntington Hall School for Girls, Throop Polytechnic Institute, Pasadena, Los Angeles Military Academy, St. Vincent's College, Yale English and Classical School, Dobinson School of Expression and Dramatic Art, Laura Wilson White School of Expression, Verdi School of Singing, DeChauvenet Conservatory of Music and Dramatic Art, Fraternal Life Building, Lyric School of Music, Los Angeles Conservatory of Music and Arts, Fillmore School of Music, Los Angeles College of Art and Design, Los Angeles College of Fine Arts, Pacific College of Osteopathy, Southern Pacific School of Wireless, Railroad and Commercial Telegraphy, Shortland and Bookkeeping, Kennard's Polytechnic Business College, Los Angeles Business College, California Business College, Various Other Business Colleges and Select Schools of Los Angeles.

Detailed information as to the number and value of the scholarships and what they provide for, as well as the interesting facts and information about the schools, will be published later.

CHARACTERISTIC.

LITTLENESS OF AGITATORS.

UNION PLUMBERS SEEK TROUBLE AMIDST JOY.

Will Demand Increase of Wages to Take Effect Monday Week—Vote to Make Demand, But Fail to Agree Upon How Much—Employers Will Resist.

The labor unionists are beginning their old tactics. No sooner has the city begun to take on a new stock of general prosperity than the Journeyman Plumbers' Union begins the agitation for an increase of wages. The unions seemingly wait for the city to get up with visitors on some festive occasion, when everybody wants harmony to show up with a big "H," as a suitable time to make their demands and impress strangers with their littleness, on the mistaken hypothesis that it will demonstrate their importance. They would show much better taste and create less antagonism if they would wait until the festivities are at an end.

Journeyman plumbers are now getting \$4 a day, much more than most other mechanics, and yet theirs is the least skilled of all the trades. More than a week ago they began the discussion of the question of demanding an increase to \$4.50 or \$5 a day, but were unable to agree. On Wednesday night they held another meeting and renewed the discussion, the more radical element insisting upon a demand of \$5 a day and the conservatives \$4.50 per day.

It was finally determined to make the demand to take effect on July 12, but the two parties were so evenly divided that they could not come to an agreement on that point. Said a boss plumber last night:

"They are the last set of men that I have seen advance, because no skill is any longer required in their trade. Almost anybody, with the slightest knowledge of mechanics, can now come from the manufacturer, and yet these men now get better wages than machinists, who must work with their brains as well as with their hands. They not only decide to ask for a plumbers' wage, but they demand it. It is very unfair to boss plumbers, who have made contracts for the plumbing of buildings now in course of construction, estimating the wages at \$4 a day. If they succeed in getting the advance, it is but the forerunner of a like demand on the part of all other trades unions."

This same man said that the boss plumbers will be compelled to resist the demand, because it would be the ruin of some of them who have contracts under way, and they will look to independent labor to save them from loss. In that event the agitators will throw the loss upon themselves by bringing about an enforced vacation, and not only upon themselves, but, unfortunately, upon those among the union men who are satisfied with present wages and who are opposed to taking an unfair advantage of their employers.

CANNOT SEE KING.

LONDON, July 8.—Angered by their failure to gain an interview with Prime Minister Asquith, the Parliament of the suffragettes tried new tactics yesterday afternoon, and attempted to board King Edward in Buckingham Palace. Mrs. Pankhurst led the van. There was no special detail of police to keep the women out, but the regular police guards on duty, gently but firmly, ejected them from the palace grounds.

CHAMBERLAIN'S STOMACH AND LIVER.

Tablets will brace up the nerves, banish sick headache, prevent drowsiness and invigorate the whole system.

Be Sure and Serve.

MARKET IGNORES CROP REPORT.

LETHARGY UNBROKEN BY SLENDING SHOWING.

...Partly Due to Fast
Statement Had Been Largely
...Government's Attack
...Company Devise Alarms
Street for the Future.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, July 5.—The lethargy of the market was strikingly demonstrated by a sluggish response today, to the highly anticipated government report of July 1 concerning the cereal crops. Evidently this indifference due to the plain predictions of the

tion of wheat, while promising a bumper crop, the winter wheat is as far as made up in large part the earlier and to have brought the condition of the crop to the point at which the crop of \$25,000,000 on the basis of the high prices today for cash wheat of the new crop is a record high. The Agricultural Interests are to afford a financial guarantee for the country's farming industry founded as that is on the basis of the farming classes as a starting point for expansion in the production of such food products and the states of that industry. The prices maintained with this enlarged crop are an impressive exhibit of the country's agricultural interests. The country. A deterrent influence of the
